ABOUT US

Our Journey

At Project C, our journey began with a shared passion and a clear purpose: to transform how fit-out projects are delivered. Founded by three partners with strong backgrounds in top fit-out firms, we built Project C as a one-stop shop, combining design and execution into one seamless experience.

Our approach is circular—bringing the Client, Consultant, and Contractor together from the start to eliminate inefficiencies and create well-coordinated, high-quality results. Based in Al-Sheikh Zayed, we're inspired by the area's energy and growth, which drives our own evolution as a team and brand.

Our style is timeless, minimal, and full of character, and our work is rooted in integrity, creativity, and attention to detail.

ABOUT US

Our Company History

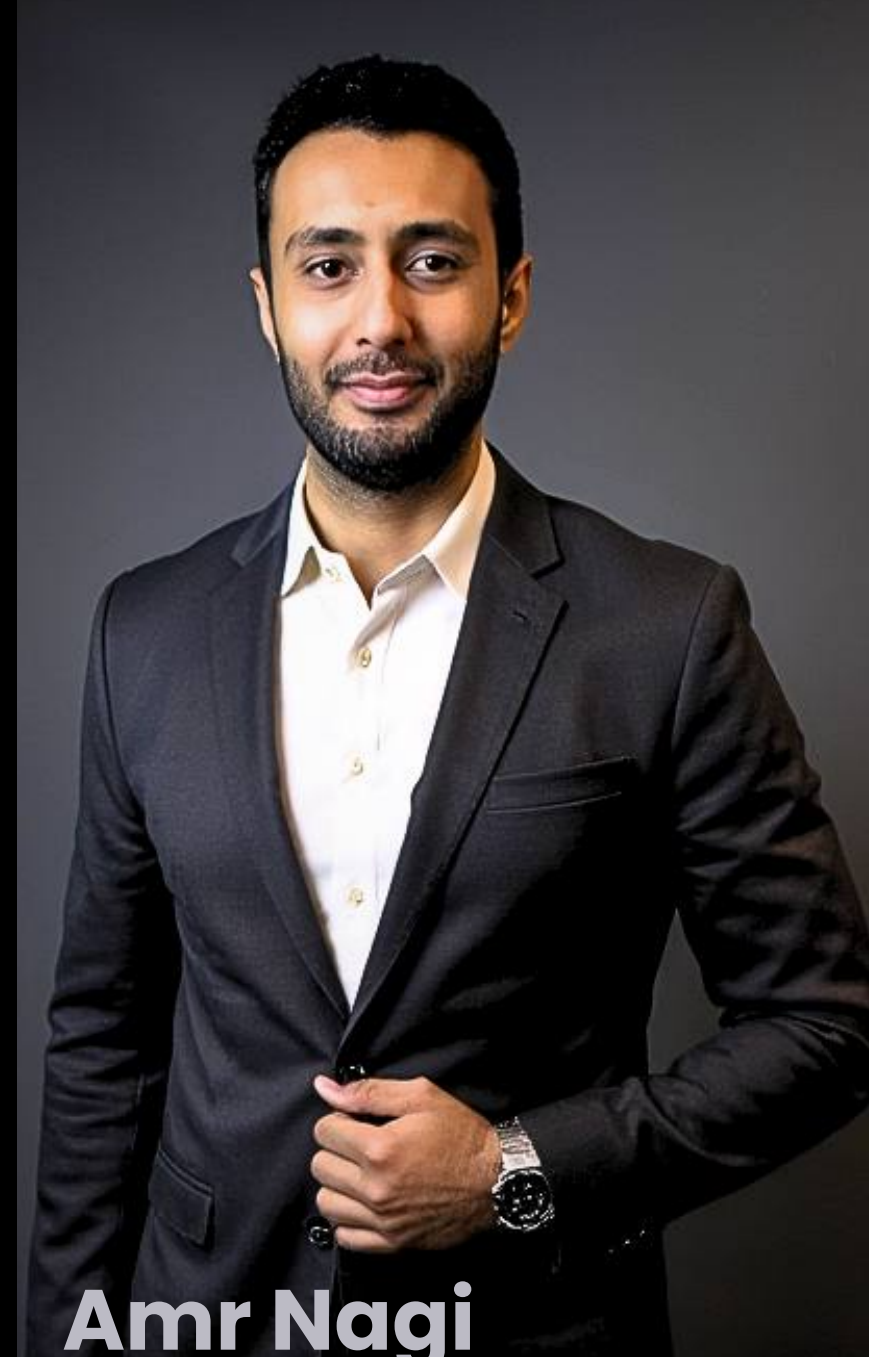

Project C was founded in April 2022 by three co-founders who previously led successful careers in the fit-out industry. We started small—just the three of us and a vision—but quickly grew, expanding our team, services, and physical presence in Zayed.

We've achieved key milestones, such as completing our first major projects, establishing our studio space, and delivering standout work like Poke Island and Take Restaurants in KSA.

Today, we continue to scale—serving both individuals and growing into the corporate sector—while staying true to our values and team-driven culture.

ABOUT US

What We Do

Objective

To offer a seamless, all-in-one design and fit-out experience by uniting creativity, precision, and integrity—delivering timeless spaces and building a trusted, standout brand in the industry.

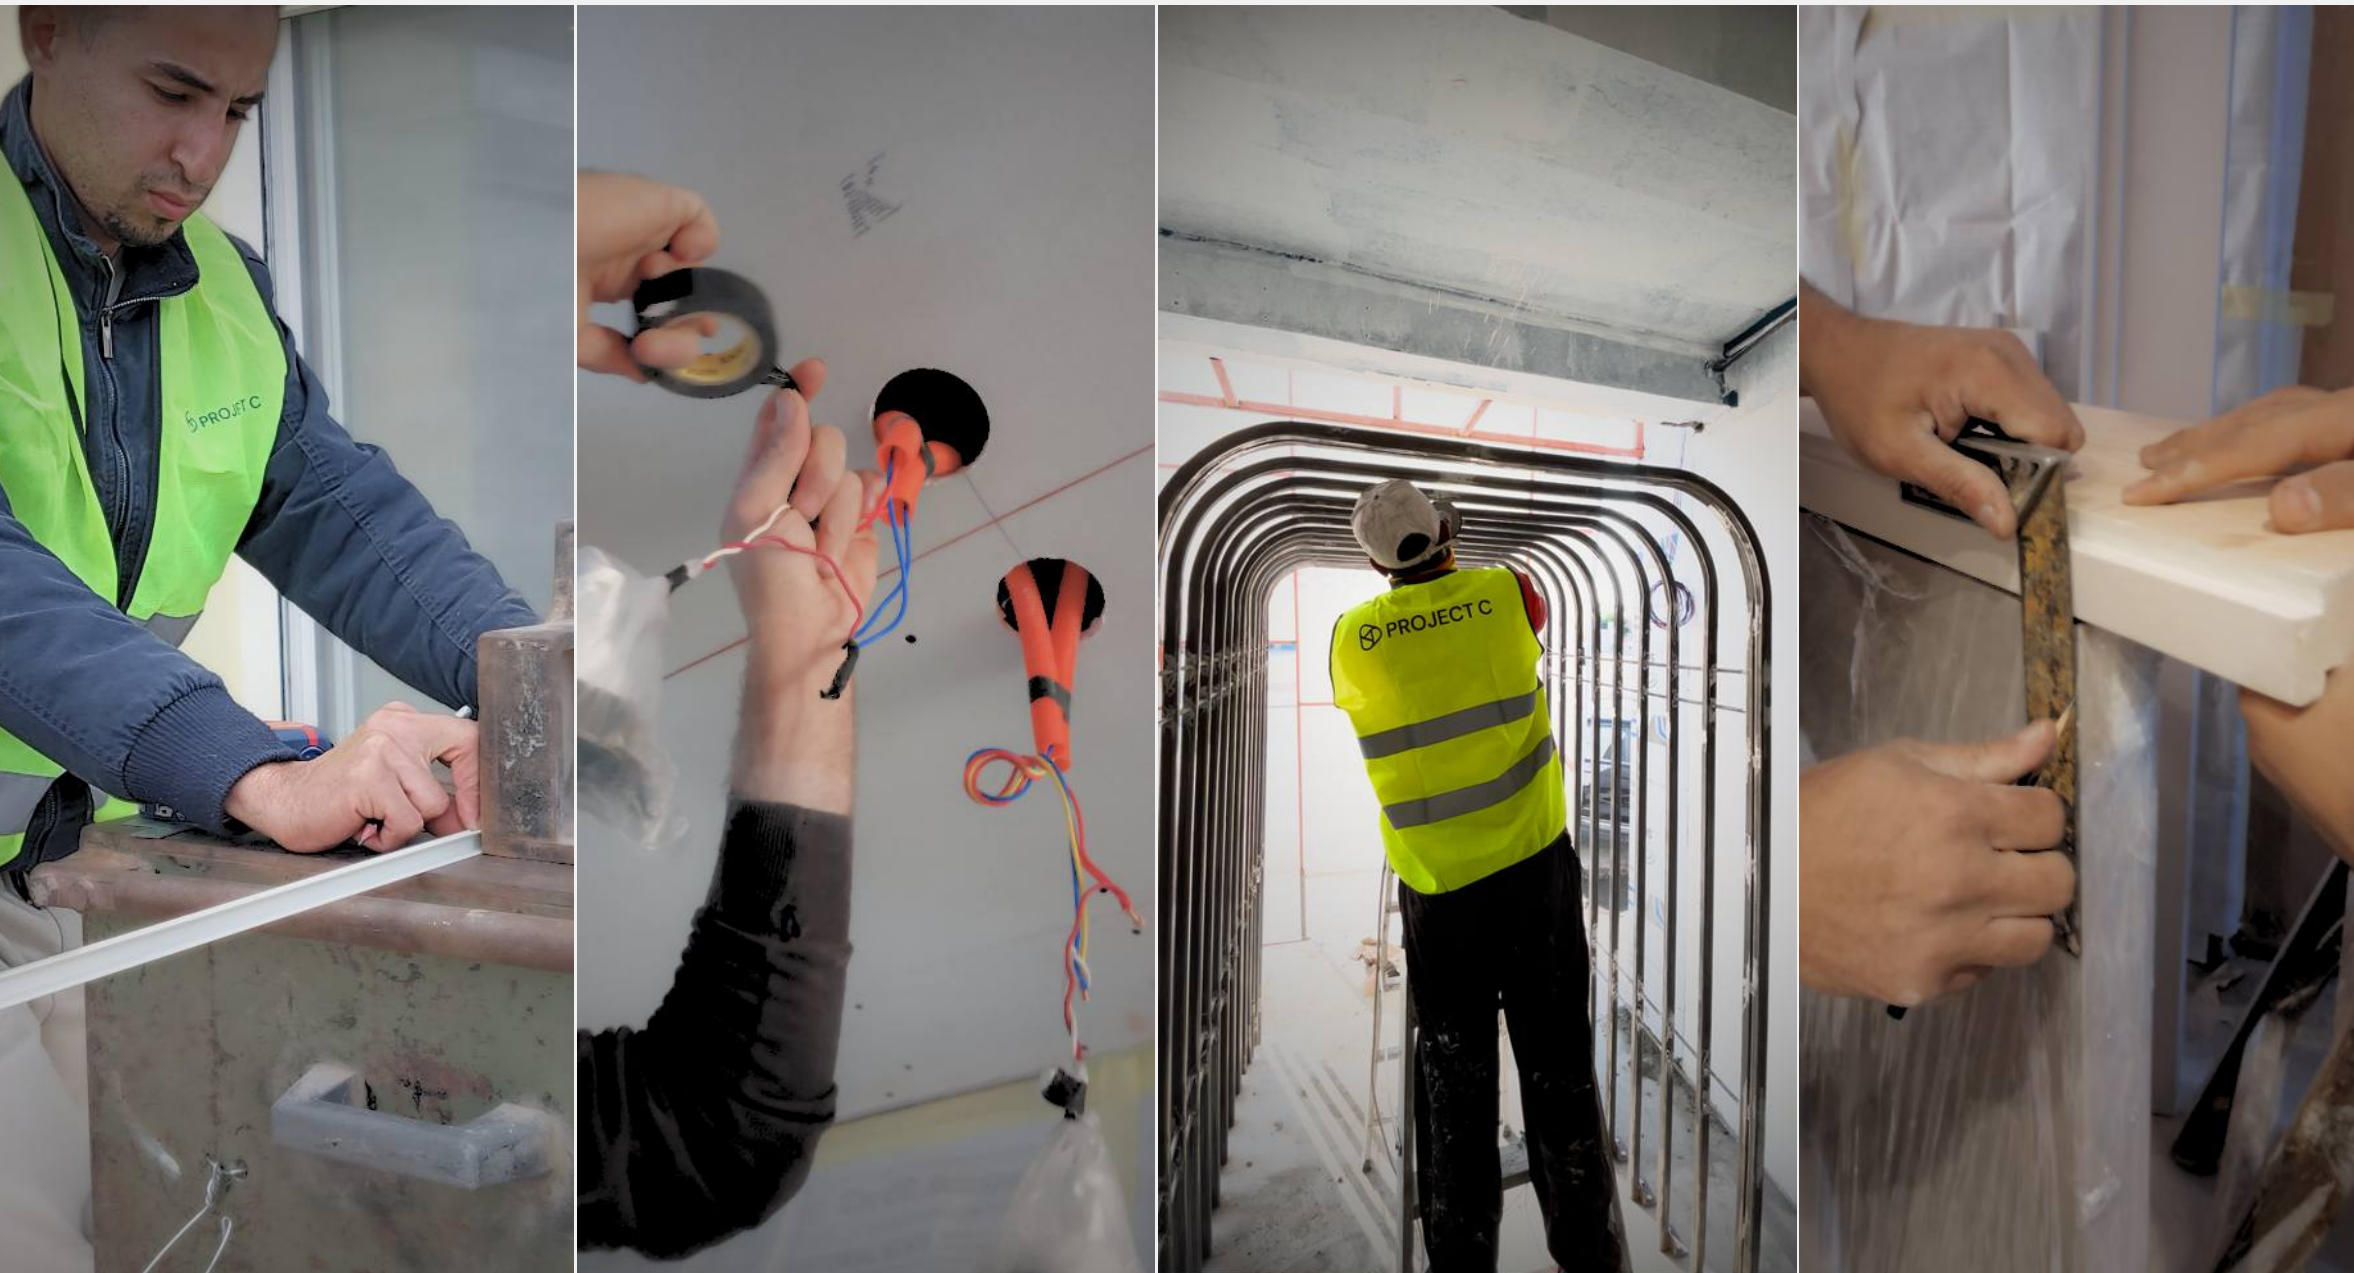

Solution

We integrate design and build from the start, ensuring clarity, efficiency, and quality through a unified, collaborative project approach.

ABOUT US

Our Value

Mission

Positioned as one of the best few Fit-Out hubs in Egypt & the Region, we will provide our corporate & individual customers with a performance audited Interior experience, that is devotionally tailored, and delivered, to please and retain our B2BC base of customers, Whether they are Residents, Guests, or Office Dwellers, they will think of us as the key to turning their keys to comfort and convenience

Vision

Being a one stop shop to our customers, with our actionable well governed mix of products & Services, Merited by our Human Capital champions, we will be one of the most Iconic valued Brands in the Fit-Out Industry

2022

Founded Project C and delivered our first residential and commercial design-build projects successfully.

2023

Established our physical studio in Al-Sheikh Zayed and expanded our core design-build team.

2024

Entered the KSA market with standout projects like Poke Island and Take Restaurants.

2025

Scaling operations, growing our team, and launching a larger studio space to support expansion goals.

PORTFOLIO
